Hi Brock,

This is my first take on your presentation and does not necessarily represent the position of EPA. Happy to look at edits as you go, though my response time may not be as prompt...

Lon,

Thanks for your willingness to review this. Isn't as comprehensive as your Idaho presentation but my goal is to provide an overview with this meeting and then get into the technical issues at a later date.

Please let me know if you have any suggestions.

Thx.

Brock
